***REASONS FOR ALLOWANCE***

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment of 8/5/04 overcomes the technical deficiencies and the prior art rejection. Claims 1-9 and 17-24 are allowed because the prior art of record does not show a logic circuit that generates a latch signal in synchronism with said first internal clock signal and generates an enable signal in synchronism with at least one of said internal clock signals other than said first internal clock signal. In particular, the logic circuit s (203) in Figure 1 of the applicant's admitted prior art does not generate an enable signal in synchronism with the first internal signal and a lath signal in synchronism with the first internal clock signal.

***CONCLUSION***

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).
